## The Grand Ballroom

The Grand Ballroom has become one of the Capital's most elegant and technologically advanced venues as well as one of its largest, with a capacity of up to 1200 guests. The Capital's most creative and imaginative florist can cater for all your company's requirements.

The Ballroom's superb proportions - with an 18-foot high ceiling - and its elegant Neo-classical decorative style, are just right for the elevated design of our unique 3ft tall table wrought iron candelabras or 2ft tall glass Lily vases. Which enable you either to enhance the existing look of the Ballroom or to transform it completely to a theme of your choice, whether for a major conference or a grand "fantasy" ball.

Let Designer Flowers transform the Grand Ballroom and your party into an amazing and truly unique floral concept and decorative theme. We can liaise directly with you, co-ordinating the chosen colour scheme or logo throughout the floral displays.

There is no limit to our imagination. Whether a corporate or wedding client, we can create any theme or setting for you. We have our own extensive range of themed and imaginative props to enable us to achieve that special effect.
